

Citi Bike Expansion: Draft Plan

What is Citi Bike?

E 43 St & Vanderbilt Av
Grand Central Terminal

- Citi Bike is New York City's bike share system
- A network of bicycle rental stations intended for point-to-point transportation
- Convenient for trips that are too far to walk, but too short for a taxi or the subway
- System operates 24/7
- Public-private partnership
- No city funds used

Strong Safety Record

- Only one reported crash for every 160k trips
- A 2014 CUNY Hunter study identified Citi Bike riders exhibited safer riding behavior than other cyclists
- A 2016 Report from Mineta Transportation Institution found that Bike Share riders have lower rates of crashes than other cyclists

Planning and Outreach

- Extensive participatory planning and outreach campaign conducted to select station locations in CB9
- In this area, outreach campaign has included:
 - More than 8 meetings and events with CB9, elected officials, area institutions, BIDs, and other community organizations
 - Public community planning workshops in October and December 2016

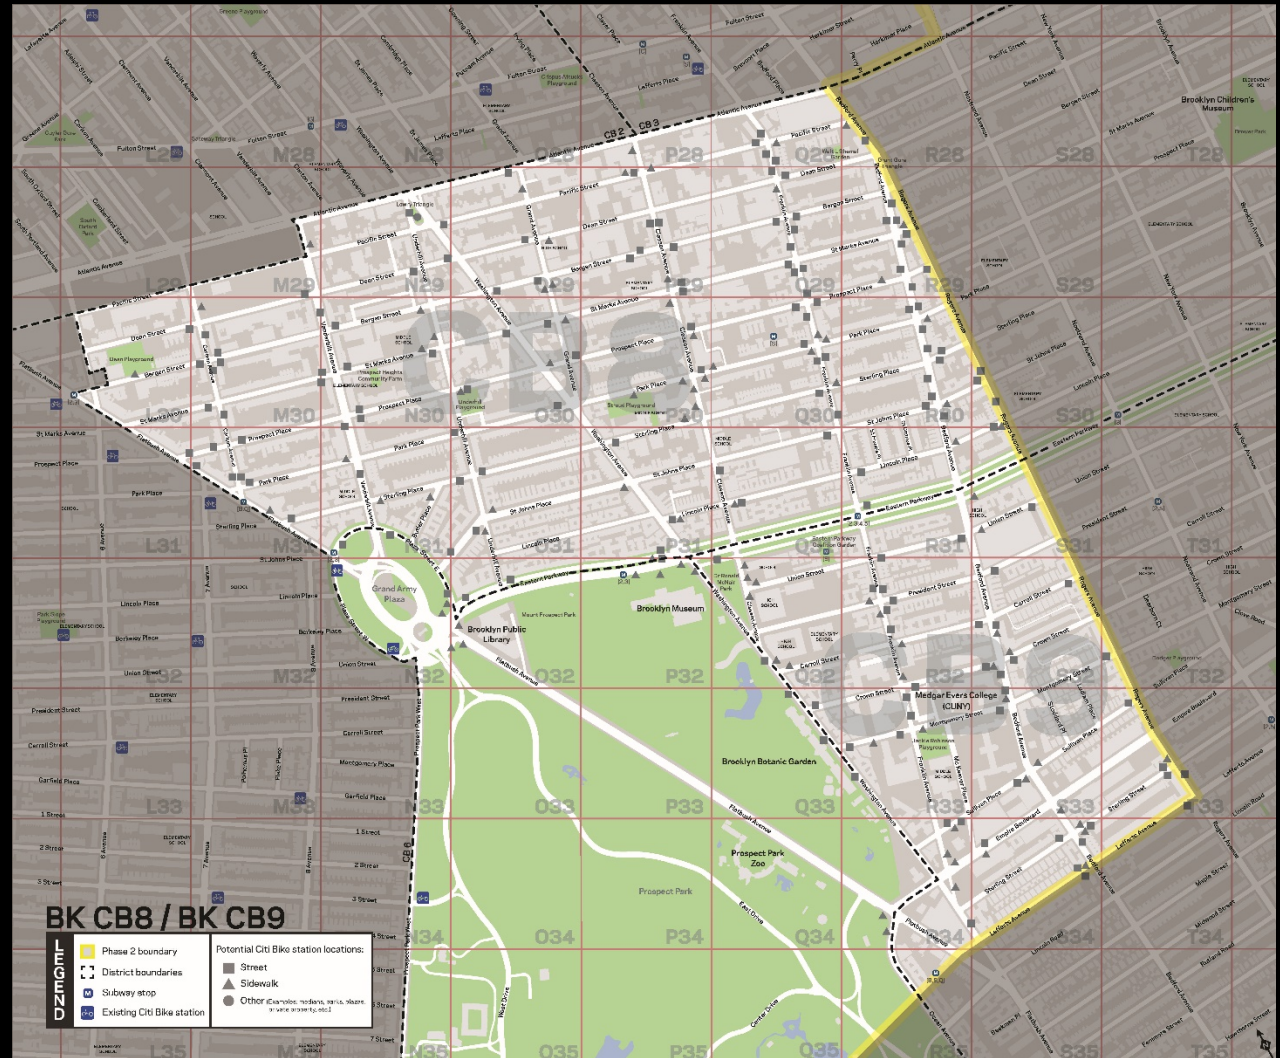

Creating a Plan

Map presented at
community planning
workshops in October
and December 2016

88 potential sites shown

Participants asked to use
red and green stickers
and comment forms to
indicate opinion on
specific sites

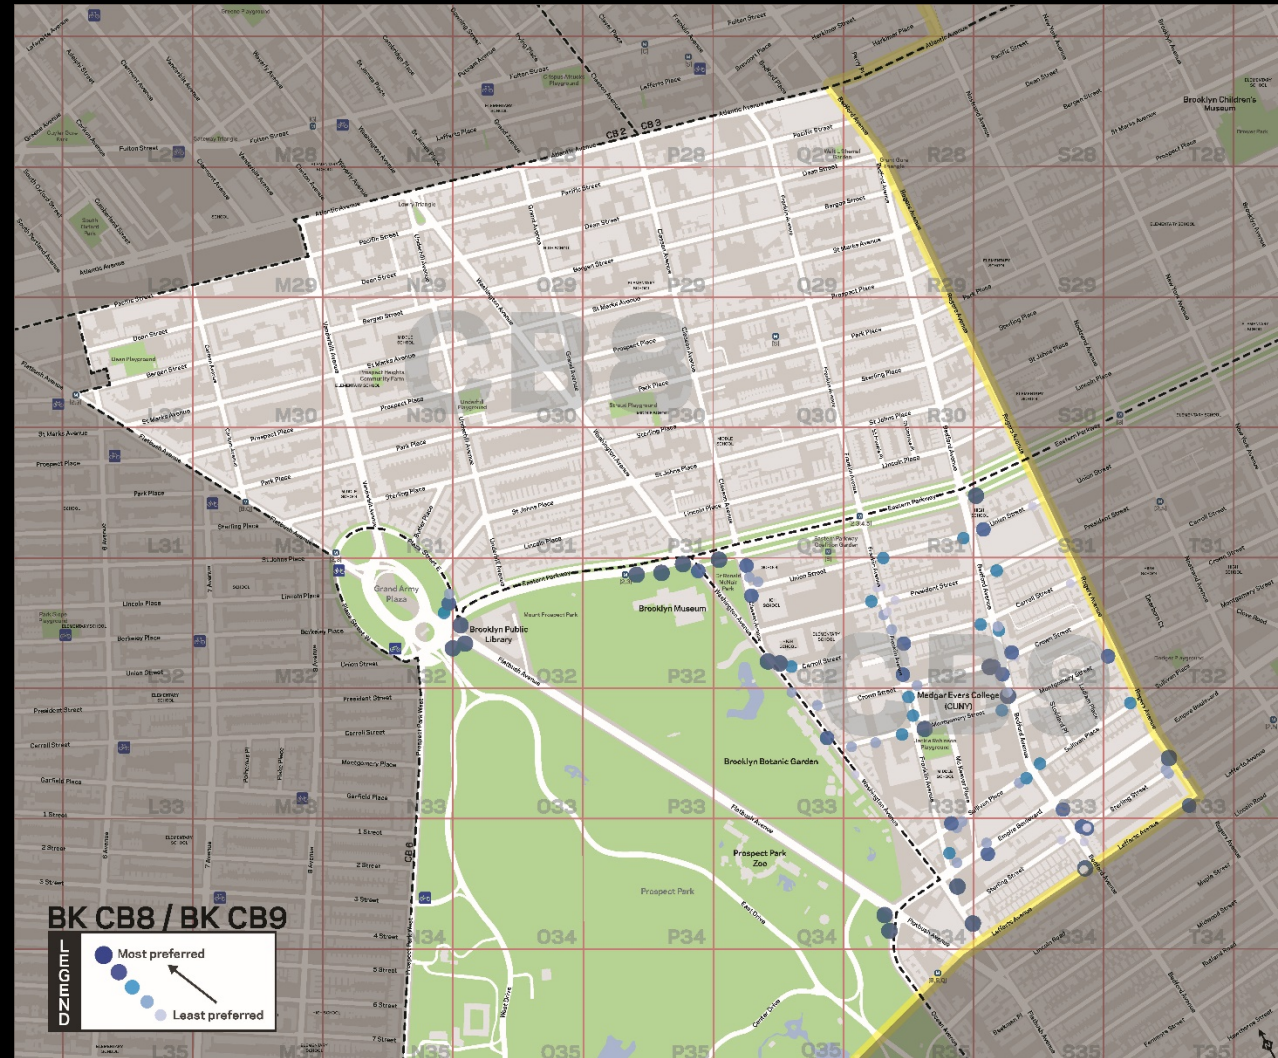

Creating a Plan

Potential sites are shown here by intensity of stakeholder preference

Darker shade indicates greater preference

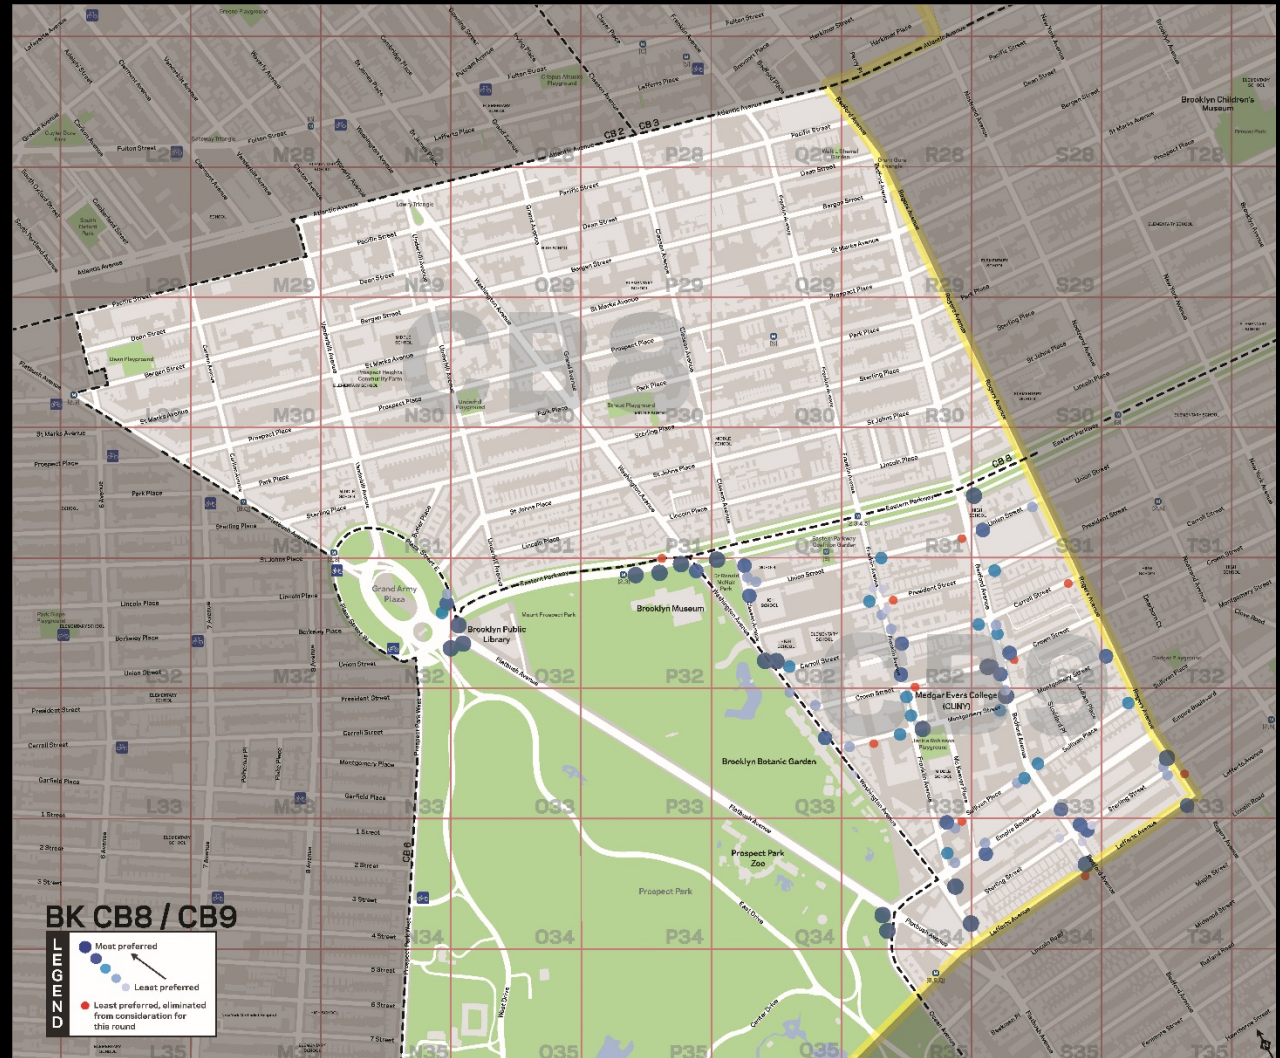

Inputs include:

- Community feedback
- Concentration of support clicks from public web portal
- Motivate operational considerations

Creating a Plan

Where possible, less preferred sites were removed from consideration

Creating a Plan

Community preference
and network
considerations were
combined to create a
